FOR THE PERIOD ENDED 31st DECEMBER 2025**

# HSENID BUSINESS SOLUTIONS PLC

## Chief Executive Officer's Review

---

Dear Shareholders,

We are pleased to present the financial results for the three months ending 31 December 2025.

hSenid Business Solutions PLC (hBS) reported total revenue of LKR 547.6 million for the third quarter of FY2026, marking a strong 27 percent year-over-year growth in LKR terms (23 percent in USD constant currency terms). This performance also reflects a 6 percent quarter-over-quarter growth (5 percent in USD constant currency terms), demonstrating continued momentum in our business trajectory. Recurring revenues remained strong, accounting for 73 percent of total revenue, underscoring the quality and predictability of our revenue base.

We are pleased to report that the Company achieved a significant milestone by surpassing the USD 5 million exit Annualized Recurring Revenue (ARR) mark, reaching USD 5.2 million at the end of the quarter. More importantly, the Company recorded a net profit of LKR 35 million for the quarter, marking our first profitable quarter and validating the operational and financial progress we have made over the past years. Normalized EBITDA margin for the quarter reached 17 percent, representing a 350 percent year-over-year improvement and a 55 percent quarter-over-quarter growth. This achievement reflects the compounding benefits of our revenue growth, improved revenue quality, and disciplined cost management, demonstrating the scalability inherent in the SaaS business model.

PeoplesHR Cloud remained the cornerstone of our business performance, generating LKR 382 million during the quarter, reflecting a 48 percent year-over-year growth in LKR terms (42 percent in USD constant currency terms) and a 4 percent quarter-over-quarter growth.

New deal closures for the quarter totalled USD 330,046, with 97 percent attributable to PeoplesHR Cloud. This represents a 29 percent year-over-year increase, though we experienced a 14 percent quarter-over-quarter decline. We remain focused on strengthening our sales pipeline across all markets we operate, to drive consistent deal closure momentum in the quarters ahead.

The Company continued to maintain positive free cash flow during the quarter, with a free cash flow to firm (FCFF) margin of 9 percent, reinforcing the health of our operations and financial discipline.

We continue to make progress on our product development initiatives, with ongoing enhancements to the PeoplesHR platform focused on delivering improved user experiences and expanded functionality. These efforts are designed to strengthen our competitive positioning and drive long-term value for our customers across our target markets.

As we enter the final quarter of FY2026, our strategic priorities remain clear: sustaining profitability while driving continued growth, accelerating new deal closures particularly in Southeast Asia, and leveraging our product innovations to deliver significant value to the HR communities we serve. Having surpassed the USD 5 million ARR milestone, we are well-positioned to build on this momentum and deliver sustained shareholder value in the periods ahead.
